Knowledge and Opportunities

PIKO Year 4 Pilot Call for Abstracts Announcement

PURPOSE: The goal of the Pacific Innovations, Knowledge, and Opportunities (PIKO) Center is to build a statewide Clinical and Translational Research (CTR) infrastructure to improve the health of IPP and other medically underserved and disadvantaged populations in Hawai'i. To achieve this goal, PIKO seeks to fund small grants to the faculty of Hawai'i Pacific University (HPU), Chaminade University of Honolulu (CUH), and the University of Hawai'i System for collaborative CTR research projects. The grant funding is intended to support promising pilot or preliminary research ideas that are likely to mature into larger federally-funded, independent research in the future. Under-represented minorities, particularly those of IPP descent, and individuals with disabilities are encouraged to apply.

RESEARCH SCOPE: Proposals that focus on the science of CTR with IPP (i.e., Native Hawaiians, Other Pacific Islanders, and/or Filipinos) and other medically underserved and disadvantaged populations in Hawai'i will be considered responsive to this call for abstracts. Priority will be given to proposals with strong potential to lead to independent extramural funding.

KEY DATES

Call for Abstracts Release Date:

Friday, August 4, 2023

Instructional Webinar Via Zoom:

Friday, August 11, 2023 (12:00-1:00pm) or Friday, September 1, 2023 (12:30-1:30 pm)

Abstract Due Date:

Friday, October 6, 2023 @ 12:00 pm

Invitation to Submit Full Proposals

Wednesday, October 18, 2023

Funding Period:

August 1, 2024 – July 31, 2025
